

About Us

Ink Solution of Florida was founded in 2001, targeting primarily the novice and intermediate inkjet and toner recyclers that would like to start or expand in the business.

Ink Solution carries a complete line of products, such as: inkjet refilling machines, electronic testers, inks, toners, packaging supplies, tools, and other accessories for inkjet and toner cartridge recycling. Ink Solution is considered a one stop shop for all you Inkjet and Toner Cartridge recycling needs.

Making It Count

We have successfully trained hundreds of people now working productively in the industry – most with no previous experience.

You will learn everything you will need to to run a successful Cartridge Refill business. We'll train you in every aspect of the operation of your retail business as well as provide you with a comprehensive Operations Manual and marketing materials.

Ongoing Team Support

You can be sure that ongoing support and technical advice are always just a phone call away. As an Ink Solution customer, you'll be part of a growing team of people who will be able to communicate helpful ideas and shared knowledge, including technical updates and upgrades. We'll be there to keep you growing strong.

Ink Revolution

Ink Solution developed a new refilling machine targeting the retail and franchise refilling market. The new U.S. made Ink Revolution is the most versatile and affordable machine in the market. It refills all black and color cartridges using the unique and successful proven GRAVITY+Vacuum process without changing ink lines. Ink Revolution comes equipped with 2 vacuum chambers and a complete set of aluminum cradles for the most popular cartridges.

Ink Supplies

Ink Solution offers all types of supplies needed to refill and pack your remanufactured cartridge. We believe that a professional packaging reflects on the image of your business. Our ink is developed with quality and customer satisfaction as our top priorities and we stand behind the quality of our supplies 100%

Ink Solution offers you the most current and accurate tools and resources to help you become the most successful remanufacturers in the world.

Toner Dust Collector

Control your toner dust, increase your productivity and improve the quality of your cartridges. The toner dust collector delivers optimum performance and the service vacuum is a must for toner equipment for toner remanufacturing.

Toner Supplies

Ink Solution delivers the highest quality toner and supplies in the industry. Look no further...we keep the the most updated supplies! We provide the right techniques to meet or even exceed the quality of OEM.
